A. M. K. B. Atapattu	-	Social Officer																	
<p>Narrative Description of Project: The World Bank and the Government of Sri Lanka are jointly carrying out a national level programme –Strategic Cities Development Project to manage the development of strategic cities. One of the development initiatives that have been identified in Kandy City is the construction of Viewing Deck at Arthur’s Seat. Arthur’s Seat is one of the most popular viewing points situated at a moderate elevation (average 520 m-msl) in the city of Kandy and is popular with local and foreign tourists. This location is along Rajapihilla Mawatha, to the South of the Kandy Lake and overlooks the city center. The intention of this project is to construct a deck which is spacious enough for reasonable number of viewers to obtain the glimpse of Kandy City. It is well known as “The Arthur’s Seat ” which has an eye catching view of the D. S. Senanayake Street (Trincomlaee Street) from this location.</p>  <p>Objectives of the Project</p> <ul style="list-style-type: none"> ❖ Construction of a Viewing Deck ❖ Providing facilities for parking ❖ Providing facilities for mobile vendors 																			
<p>Description of Actual Services Provided by Your Staff:</p> <ul style="list-style-type: none"> • Identifying all the Physical, Social and Environmental Impacts that may occur due to the project implementations. • To obtain a high quality procedural approach for the mitigation of each and every impact • Define the actions to be taken in order to mitigate the impacts including the responsible persons to obtain permission to carry out the migratory actions and the date to start the actions into practice. • Applicable Recommendations
